github.com/Asccvivek

Results-oriented IT Project Manager with 12+ years of professional experience orchestrating multi-platform digital ecosystems, requirement gathering, and cross-functional team coordination. Expert in the Software Development Life Cycle (SDLC) and Agile methodologies, translating complex business requirements into actionable technical plans. Focuses on coordinating frontend/backend developers, UI/UX designers, and QA teams to deliver scalable, user-centric software solutions.

PROFESSIONAL EXPERIENCE

Senior IT Project Manager

Feb 2019 – Jun 2026

NexG — IT Services & Software Development • Bhopal, India

eRestro (Restaurant ERP & POS): Coordinated POS and inventory SaaS. Mapped menu-to-billing logic, led sprint planning, UAT, and release deployment. *Challenge:* Consolidating dine-in and delivery flows. *Outcome:* Unified ERP eliminated order routing errors.

NexG HRMS: Internal enterprise HRMS. Managed workflows for payroll, recruitment pipelines, and check-in attendance. *Challenge:* Transitioning manual payroll and dynamic shifts. *Outcome:* Deployed portal reduced processing cycles.

Unity Greet Canvas Editor: E-commerce customizable card designer. Managed vector rendering limits, canvas scaling, and UI review. *Challenge:* Translating rendering limitations into simple user UI controls. *Outcome:* Print-ready vector exporter.

1 Tom Plumber: Emergency plumbing dispatcher. Mapped service booking and technician status lookup. *Challenge:* Dispatch fallback routing for unaccepted requests. *Outcome:* Structured emergency service coordination.

Synergy Technologies: Platform operations tracker. Managed sprint plans, documentation, and stakeholder status updates. *Challenge:* Standardizing inconsistent requirements templates. *Outcome:* Centralized wiki streamlined onboarding.

ElectricDada (Electrical Marketplace): Local electrician marketplace. Mapped customer, electrician, and shop owner journeys, and managed booking UAT. *Challenge:* Real-time dispatch over low-bandwidth connection. *Outcome:* Functional booking MVP.

NexG Homecare: Healthcare home service dispatch system. Documented scheduling and doctor/patient allocation logic. *Challenge:* Mobile visit logs that protected patient privacy. *Outcome:* Improved visit dispatch scheduling.

Salonix: Salon booking platform. Coordinated calendars, staff availability, slots, and UAT. *Challenge:* Double-booking conflicts across multiple staff members. *Outcome:* Conflict-free online appointment scheduling.

Elite Works CRM: Field contractor CRM. Managed scope milestones and GPS check-in QA. *Challenge:* Capturing check-in locations offline and syncing reliably. *Outcome:* Operational CRM reduced client billing disputes.

PREVIOUS EXPERIENCE

Placement Officer

Jan 2016 – Jan 2019

Orion Edu Tech

Coordinated placement operations: employer relationships, candidate screening, interview scheduling, placement drives, and student recruitment records.

Team Leader

Feb 2012 – Nov 2015

Firstsource

Led customer support team operations, performance QA, escalation handling, agent mentoring, KPI tracking, and operational service reports.
